Since the existing situation varies enormously from Nepal, to the Pacific regions of Bolivia, to the deindustrializing cities of Michigan and the still booming cities of Mumbai and Shanghai and the shaken but by no means destroyed financial centers of New York and London, so all manner of experiments in social change in different places and at different geographical scales are both likely and potentially illuminating as ways to make or not make another world possible. Beiheft 5 Attention, this is not an edition of this manuscript, but of the Sterzinger manuscript by Vigil Raber, which is however quite similar to this one and to which Arch also refers in this text.
