Decaying Humanity

Although boredom set in during the initial stages of the experiment, the children soon began to use their basic surroundings to invent games and use imagination in their playing. Leguin also criticized the more traditional view on the difference between "hard" and "soft" SF: "The 'hard' science fiction writers dismiss everything except, well, physicsastronomyand maybe chemistry.

The Ride

It is very natural that the people of a village, being terrified by thunder, afflicted at the loss of its harvests, ill-used by the inhabitants of a neighboring village, feeling every day its own weakness, feeling everywhere an invisible power, should soon have said: There is some Being above us who does us good and harm.
